

THE WORKING DANCER

3 Books Every Dream Chaser Should Read

1. [Big Magic By Elizabeth Gilbert](#)

Big Magic is a great read about maintaining creative living. What I love about the book is that Gilbert shares how she chose not to force her writing dreams to support her financially. Instead, she worked other jobs so that she never lost her creative freedom in her writing. Such a great example that even dancers could follow.

2. [The Alchemist By Paulo Coelho](#)

The Alchemist is an AMAZING book, probably one of the most inspiring books I've ever read. It's filled with universal truths and nuggets of wisdom. I love the Coelho took shows how the universe conspires to make our dreams come true when we seek them fully. This is a great story of courage, love, and rising to your full potential. True dream chasing at its finest!

3. [The Power of Broke by Daymond John](#)

The Power of Broke is great real life approach to making your dreams come true. Daymond John, the Shark Tank mogul, give plenty of examples, including his own life story, of how average folks used the resources they had to make their dreams come true. The stories are incredibly interesting and show us that where there's a will, there is most assuredly a way.
